Have you updated your delivery model and curriculum for the Operations Manager Standard yet?

① Start presenting to display the poll results on this slide.

Transferring or New Starts

252.1.

Apprentices already engaged on the earlier version of a standard may transfer to the latest version of the same standard (that is where the ST number remains the same) at any stage within their apprenticeship subject to meeting the rules on end-point assessment.

Where an apprentice is already engaged on a standard which has been replaced with a new apprenticeship standard (that is with a new ST code), this would be treated as a change of programme.

slido

Please download and install the Slido app on all computers you use

Will you be transferring apprentices currently on either standard to the new version?

① Start presenting to display the poll results on this slide.

Our Offer
